

Dare to ask: Apply now.

Siemens is a global market leader in energy, healthcare, industry and infrastructure & cities – in nearly every area of life where technology plays a role, Siemens is there. Our environmental portfolio is the most comprehensive in the world. To rank among the best you need an outstanding team. We in Siemens have extraordinarily dedicated employees. And we go to great lengths to continually foster their development while promoting equal opportunity and encouraging cooperation among men and women from different countries and cultural backgrounds. We're 360,000 employees, answering the world's toughest questions every day.

Where do you find new challenges, promising prospects and endless possibilities?

At Siemens Trainee Excellence Program - STEP

Requisition Number: 113069

In Siemens we encourage the development of future leaders and the promotion of excellence all around the world. The Siemens Trainee Excellence Program is a “working program” - with us, it's all about learning by doing. During your assignments, you'll be actively integrated into the day-to-day business, assuming full responsibility for the tasks assigned to you. And one thing you can count on is that we will be supporting you throughout the entire program.

We are looking for:

- You graduated in electrical engineering or mechanical engineering in the last two years
- You are responsible, systematic and a team player
- You are motivated, talented and self-confident
- You have excellent communication skills and a desire to work in international business environment
- You are fluent in written and spoken English and you are computer literate

Candidates with high educational results will have an advantage in the selection process.

What else do I need to know?

Persons with disabilities will have an advantage in case of equal qualification.

STEP into business with a winning team! Apply now!
