Senior System Administrator

TeleTrader Software GmbH is a leading supplier of data, technology and solutions in the world of capital markets. TeleTrader delivers worldwide financial information to institutions like banks, brokers and stock exchanges and is a supplier to web financial portals and the media. TeleTrader technology allows clients to create their own applications by accessing TeleTrader's comprehensive data and functional offerings. In addition, TeleTrader has an extensive product portfolio in the fields of pricing, analysis and visualization of exchange-specific data. TeleTrader was founded in 1995 and has its headquarters in Vienna.

Within its <u>System Operations</u> department TeleTrader is offering the following vacancy:

Main Tasks:

- Maintenance, administration and deployment of complete production environment
- Develop and maintain system and application implementation plans to ensure operational reliability and high availability of our services
- Server setup and configuration for customized application requirements
- Documentation of system procedures
- Providing support to our development teams
- Managing and automating system operation tasks
- Constantly update job knowledge by tracking emerging Internet technologies; participating in educational opportunities
- Support other IT team members in daily tasks

Requirements:

- University degree in computer science, technical studies or similar
- 5+ years of experience as system administrator in medium and large-size companies
- Strong knowledge of Windows Server and Linux platforms
- Experience configuring and maintaining IIS webserver environments
- Good knowledge in networking and security (TCP/IP, routing protocols, VLAN, VPN's…)
- Knowledge of common scripting languages (Perl, Python, …)
- Experience administering virtualized environments (VMware, Citrix) with SAN (EMC, NetApp)
- Fluent written and spoken English
- Attention to detail and good analytical skills
- Ability to effectively communicate and cooperate with peers

Following skills would be considered as an advantage:

- Knowledge of German language
- Basic knowledge of OOP (object-oriented programming)

Offer:

- Work in an established company with market leadership
- Opportunity to travel and work in Vienna
- A young and dynamic team
- Performance oriented payment
- Get excited by the thrilling area of stock exchanges
- Full Time employment

We would be pleased to receive <u>complete</u> application documents including your CV, salary expectations and the possible start date. Only short listed candidates will be contacted.

Please send your application to bgjobs@teletrader.com
