Our 1000 engineers serve a range of industries: in multimedia/wireless, service, medical, network/telecom, energy, aerospace, defense, automotive and IT.

For our office in Belgrade, Serbia, we are looking for:

Junior Digital Design Verification Engineer: 3 positions

Job description:

You will be a part of a digital design verification team, constituted of verification engineers with different level of experience, from digital verification experts to digital verification juniors.

In order to achieve IC implementation milestones you will be involved in verification methodology establishment, verification plan creation, development of verification environment and close interaction with other IC implementation teams. Your work on these activities will be challenging and you will have the opportunity to work with industry experts on the state-of-the-art processes, tools and flows. Selected candidates will receive full training and support from our experienced engineers. Project can be subject of a bachelor/master thesis or seminar paper.

Qualification Requirements:

- Final year student or fresh graduate with B.Sc. or M.Sc. degree in electrical engineering
- Motivated, proactive, hard working
- Relevant courses/knowledge: basics of digital electronics, programming, FPGA basics, microcontroller architecture
- Skills: VHDL or Verilog, C programming language, object-oriented programming is a plus
- Good knowledge of English language

Good to have:

- Knowledge of UVM, Specman/e or System Verilog is a plus
- Knowledge of processor architecture and Systems On Chip is a plus
- Mobility is a plus

Employee Benefits:

- Integration Program in a Professional, Young & Dynamic Team
- Professional Development Opportunities
- Competitive Salaries & Benefits
- Compensation package includes also Additional Health Insurance, Sport & Social activities
- International Work Environment & Traveling Opportunities

All interested candidates are invited to send **CV and motivation letter in English**, indicating the field of interest, relevant college courses and projects, on the following email: jobs@elsys-eastern.com. Deadline for application is **February 5th**. Interviews are planned for the middle/end of February and the final list of selected candidates will be announced by **March 1st**.
