

Is currently looking for a
Junior Data Scientist

We are:

Ibis Solutions is part of the Ibis Group, which has been one of the main drivers of the company's digital transformation in the regional market for more than 25 years. Thanks to long-term partnerships with companies such as IBM, Oracle, Red Hat, Ui Path, etc., through system integration projects as well as software development, Ibis Solutions has so far provided significant support to over 300 clients from Southeast Europe.

We are looking for a talented **Junior Data Scientist** who will join our team in Belgrade. Our future colleague is tech savvy and likes to be challenged with complex IT problems.

The scope of your job is:

- Extract, transform and analyze large data sets using SQL, R and Python
- Collaborating with other Software Development teams to enhance predictive applications
- Working on implementation of Machine Learning algorithms and performing troubleshooting and maintaining of existing machine learning pipelines and applications
- Performing technical design and code reviews to ensure high quality of work
- Visualizing data in Power BI, Tableau, or similar data visualization tool
- Creating solutions to complex and challenging daily problems

Your qualifications are:

- Related University degree (Faculty of Electrical Engineering, Faculty of Mathematics, FON)
- At least 1 year of experience in Data Science, Machine Learning or Data Analysis

Your competencies are:

- Good knowledge of SQL
- Good knowledge of R and/or Python
- Experience in building Machine Learning models and deploying to production
- Proficiency in English

Not mandatory, but good to have:

- Experience with BI tools (Tableau, PowerBI) is a plus
- Experience with Big Data technologies (Spark, Hadoop, Hive) is a plus

You are:

- Open-minded and hardworking person
- Persistent in acquiring knowledge and competencies
- Detail oriented and persistent problem solver
- Self-motivated
- Open to receive and apply constructive feedback

Our offer:

- Great opportunity to learn and work with cutting edge technologies
- Onboarding process with great mentors
- Opportunity for professional development and individual development plan
- Coaching and training to help you grow
- Working with a highly collaborative and positive environment
- Benefit package (FitPass, health insurance, flexible working hours, various sports and team building activities)

Sounds interesting?

If yes, show us what you've got and send your CV at career@ibis-solutions.rs until **22.02.2022**. Have in mind that only candidates selected for an interview will be contacted.
